

ADVENTURE SPORTS

“Where Kansas City Learns to Dive”

Weekend SCUBA Class/POOL

Costs: \$125 Tuition + \$120 Online Supplement Kit

Adventure Sports weekend class is a fast paced class designed for individuals who have a busy schedule and who are very comfortable in the water. Prior scuba experience like a “Try Scuba” or “Discover Scuba” puts you ahead of the game.

- The weekend class is a “Home Study” class. Students must complete Online Academic Training at home prior to the 1st day of class. Students must also fill out the medical questionnaire on our website under student downloads. **If any answer on the Medical Questionnaire is “YES” then a doctor’s release is mandatory before any water training may be conducted.** SSI Medical forms, handouts and Beaver Lake info can be found under Scuba-Student Downloads on our website. www.adventuresportskc.com
- Each student will need their own “Snorkeling System” (mask, fins, snorkel and dive booties) which **should be pre-purchased** at Adventure Sports (10% discount applied for all students) prior to your class. Proper quality and fit is crucial to your success & enjoyment of Scuba Diving. Owning your own professionally fit “Snorkeling System” from Adventure Sports is the only way to properly learn to dive. **Internet purchased, ill-fitting or non-scuba quality equipment will not be allowed to be used for any of Adventure Sports classes.**
- Each student will also need a properly fitting **Exposure Suit** (wetsuit) for your pool training. Although wetsuits may be provided for your Pool training at no additional charge, ownership has many advantages (more comfortable, more efficient & more sanitary). Exposure Suits purchased at Adventure Sports receive the 10% discount if purchased during a class.
- **Orientation : 6-9pm Friday** (no pool) evening at Adventure Sports for paperwork (training folder, medical release, pictures) and gear purchases. If you still have not gotten your personal, professionally fit “Snorkeling System” from Adventure Sports, this is your last chance before the first pool session.
- **Weekend Class Training:**
9A-6:30PM Saturday & Sunday
(10A-1PM Home Study Review, 1PM-2PM Lunch, 3pm-6PM Pool Times).
- Many new divers cannot retain all of the training in 1 pool session and therefore we require 2 (3 hour) pool sessions and offer extra pool time for students needing more time in the water. Comfort with Scuba is only gained through time underwater. If you or your SSI Instructor decides that you are not quite ready for your Open Water Dives we will schedule you to come back to as many pool sessions as needed to create comfort.
- All of the major equipment for the class is provided including tanks, weights, buoyancy compensators, regulators and gauges. Although the best way to learn Scuba is in your own Professionally Fitted, Warrantied “Total Diving System” purchased at Adventure Sports. Adventure Sports Staff is available during business hours or by appointment to guide you through any gear purchases. Ask about Special pricing for new students.
